SYLLABUS OF SELECTIVE EDUCATIONAL DISCIPLINE

Practical stylistics

Field of knowledge: all fields of knowledge in which students are trained at the university

Specialty: all specialties in which students are trained at the university.

Educational program : all educational programs of the corresponding specialties on which there is a preparation of applicants at university

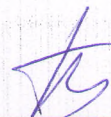

Form of study: full-time

Level of higher education: first (bachelor's)

The syllabus was put into operation on September 1, 2021

Kharkiv – 2021

Developer: _____ Pereyaslov V.O., Ph.D. _____
(прізвище та ініціали, посада, науковий ступінь та вчене звання)

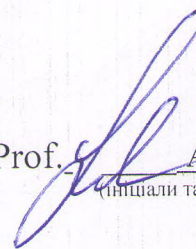

(підпис)

The syllabus of the discipline was considered at a meeting of the Department of Documentation and Ukrainian Language (№ 801)

Minutes № 1 of August 28, 2021

Head of the department _____ Cand. of Philos., Associate Prof. _____ A.Є. Прилуцька
(науковий ступінь та вчене звання) (підпис) (ініціали та прізвище)

Agreed with the representative of students:

_____ (ініціали та прізвище)

EGWABOR

1. General information about the teacher

Pereyaslov Vitaly Alexandrovich, Ph.D.
Since 2015 he has been teaching the following disciplines at the university:

- "Language practice",
- "Language training",
- "Scientific Ukrainian-language communications".

Areas of research: methods of teaching foreign languages; lexical means of expression of national character; lexical-stylistic and literary features of the poetic language of writers of the twentieth century.

2. Description of the discipline

Semester in which the discipline is taught - 1, 2, 3, 4 semester (depending on the curriculum)

Discipline:

3 ECTS credits (90 hours), including classroom - 48 hours, independent work of applicants - 42 hours.

Forms of education

Full-time, distance.

Discipline - elective.

Types of educational activities - lectures, seminars, independent work of the applicant.

Types of control - current, modular and final (semester) control (credit)

Language of instruction - Ukrainian.

Required prior courses (prerequisites) - Ukrainian as a foreign language (B1).

Required compulsory subjects (co-requisites) - no.

3. The purpose and objectives of the discipline

Purpose

The study of the discipline "Practical Stylistics" is to consider the stylistic system of the Ukrainian language in its multifaceted form; developing the ability and

skills to stylistically distinguish language material in accordance with the requirements of communication situations, speech conditions; consideration of semantic and emotional differences of lexical units of different levels; formation of language sense and culture of communication.

Task

To develop communicative competences of speakers, by immersion in the stylistic palette of the Ukrainian language; develop practical skills to apply lexical and stylistic aspects of language depending on the specific situation; ability to self-diagnose and diagnose the achievements of other future foreign specialists in Ukrainian-language professional speech training.

After mastering the discipline, the applicant will acquire the following **competencies**:

- the ability to communicate in the state language both orally and in writing communication;
- ability to communicate in a foreign language;
- ability to further study with a high level of autonomy, constant improvement of information culture.

It is expected that after mastering the discipline, the applicant will achieve the following learning outcomes and he:

- will search for information in various sources to solve professional problems in providing information services and products relevant to consumer demand.
- communicate fluently on professional matters, including oral, written and electronic communication in Ukrainian and / or one of the foreign languages;
- will study in order to deepen the acquired and acquire new professional knowledge to ensure competitiveness in the labor market in the modern socio-cultural environment.

4. The content of the discipline

Module 1.

Content module 1.

Topic 1. Style. Stylistic system.

- Form of classes: lecture, seminar, independent work.
- Classroom load: 5 hours.
- Compulsory subjects and means (equipment, machinery, materials) , tools): absent.

The concept of stylistics, style, functional style, components of the stylistic system. Scope, purpose, main features and language tools of scientific, official-business and journalistic styles. Lexical and phraseological level of colloquial speech. Syntactic features of conversational style.

- Volume of independent work of applicants: 5 hours.

Elaboration of lecture and seminar material. Forming questions to the teacher.

Topic 2. Stylistic meaning and stylistic color.

- Form of classes: lecture, seminar, independent work.
- Classroom load: 5 hours.
- Compulsory subjects and means (equipment, equipment, materials, tools) : absent.

Functional and emotionally expressive coloring; connotation of the language unit. The role of stylistic figures in the texts of different styles of the modern Ukrainian language. Syntactic characteristics and stylistic possibilities of stylistic figures. Stylistic possibilities of figures, the expressiveness of which is created due to the peculiarities of the arrangement of words. Stylistic features of figures, the expressiveness of which is created by violating the rules of text construction.

- Volume of independent work of applicants: 5 hours.

Elaboration of lecture and seminar material. Forming questions to the teacher.

Topic 3. Classification of functional styles.

- Form of classes: lecture, seminar, independent work.
- Classroom load: 6 hours.
- Compulsory subjects and means (equipment, equipment, materials, tools)

Areas of use and main purpose of styles, stylistic features at language levels (lexical-phraseological, morphological, syntactic).

- Volume of independent work of applicants: 6 hours.

lecture and seminar material. Forming questions to the teacher.

Topic 4. Stylistic stratification and stylistic possibilities of Ukrainian vocabulary.

- Form of classes: lecture, seminar, independent work.
- Classroom load: 6 hours.
- Compulsory subjects and means (equipment, equipment, materials, tools)

Stylistic possibilities of lexical groups and other categories of vocabulary, their stylistic functions, stylistic devices based on lexical means; connotative possibilities of vocabulary; opportunities for appropriate use of vocabulary in personal and professional speech.

- Volume of independent work of applicants: 6 hours.

Elaboration of lecture and seminar material. Forming questions to the teacher.

Modular control 1

- Form of classes: writing modular work in the classroom (at the discretion of the teacher is allowed to conduct remotely).
- Volume of classroom load: 2 hours

- Required items and means (equipment, machinery, materials, tools): none
- The amount of independent work of applicants - as needed.

Preparation for modular control.

Content module 2.

Topic 5. Stylistic use of phraseology.

- Form of classes: lecture, seminar, independent work.
- Classroom load: 5 hours.
- Compulsory subjects and tools (equipment, equipment, materials, tools): no.

Stylistic possibilities of phraseological language units, their stylistic functions, techniques based on phraseological means; connotative possibilities of phrases; opportunities for appropriate use of phraseology in personal and professional speech.

- Volume of independent work of applicants: 5 hours.

Elaboration of lecture and seminar material. Forming questions to the teacher.

Topic 6. Stylistic use of word-formation tools.

- Form of classes: lecture, seminar, independent work.
- Classroom load: 5 hours. language objects and means (equipment, equipment, materials, tools): absent.

Functional purpose of language innovations; stylistic devices based on the means of word formation; possibilities of expedient use of word-formation means in personal and professional speech.

- Volume of independent work of applicants: 5 hours.

Elaboration of lecture and seminar material. Forming questions to the teacher.

Topic 7. Stylistic properties of parts of speech.

- Form of classes: lecture, seminar, independent work.
- Classroom load: 6 hours.
- Required subjects and tools (equipment, equipment, materials, tools): absent.

Stylistic properties of parts of speech and their semantic and grammatical categories; opportunities for appropriate use of morphological resources in personal and professional speech. Stylistic possibilities of noun parts of speech. Stylistic characteristics of the verb. Stylistic aspects of verb categories (time, person, method). Stylistic originality of adverbs. Stylistic possibilities of service parts of speech and exclamations.

- Volume of independent work of applicants: 5 hours.

Elaboration of lecture and seminar material. Forming questions to the teacher.

Topic 8. Stylistic syntax.

- Form of classes: lecture, seminar, independent work.
- Classroom load: 6 hours.

- Compulsory subjects and means (equipment, equipment, materials, tools): absent.

Stylistic properties of some types of simple sentences. The role of sentences for the purpose of expression; stylistic properties of a simple sentence; stylistic devices based on the specifics of a simple sentence; possibilities of expedient use of varieties of simple sentences in personal and professional speech. Stylistic features of a complex sentence.

- Volume of independent work of applicants: 5 hours.

Elaboration of lecture and seminar material. Forming questions to the teacher.

Modular control 2

- Form of classes: writing modular work in the classroom (at the discretion of the teacher allowed in remote form.)

- Classroom load: 2 hours

Required items and means (equipment, equipment, materials, tools): none

- The amount of independent work of applicants - as needed.

Preparation for modular control.

5. Individual tasks

Not provided by the curriculum

6. Teaching methods

Verbal, visual, practical.

7. Control methods

Current control (theoretical survey and solution of practical problems), modular control (testing by course sections) and final (semester) control (credit).

8. Evaluation criteria and distribution of points received by applicants

Components of educational work	Points for one lesson (task)	Number of classes (tasks)	Total number of points
<i>Content module 1</i>			
Activity during classroom work	0...8	4	0...32
Modular control	0...18	1	0...18
<i>Content module 2</i>			
Activity during classroom work	0...8	4	0...32
Modular control	0...18	1	0...18
<i>For the semester</i>			0...100

The evaluation scale is accepted

The sum of points for all types of educational activities	Score for credit
90-100	credited

75-89	credited
60-74	credited
01-59	not credited with the possibility of re-assembly

Semester control (credit) is carried out in case of refusal of the student from points of current testing and in the presence of the admission to credit. During the semester test, the student has the opportunity to receive a maximum of 100 points.

The test ticket consists of two questions, the maximum number of points for each of which is 50 points, and together is 100 points.

Criteria for evaluating the applicant's work during the semester

Credited (60-74). Have a minimum amount of knowledge and skills on theoretical and applied material from the course "Practical Stylistics". Orient in the structure of professional texts, perform practical tasks at a satisfactory level. Be able to maintain a dialogue; distinguish communication styles.

Credited (75-89). It is good to know all the basic concepts and components of the course "Practical Stylistics"; the specifics of the organization and functioning of the components of the text. The student must competently perform all practical tasks of the teacher. Be able to explain and justify the answers to the teacher's questions by giving facts and examples. Apply analytical thinking when performing practical tasks.

Credited (90-100). Perfectly possess theoretical and applied knowledge from the course "Practical Stylistics": basic concepts, styles of texts, as well as have knowledge of the specifics of professional communication in the professional field and apply them in performing practical work in full. The answers should differ in logic, consistency, creativity and analytical thinking in the presentation of material from the teacher's questions. The student must demonstrate additional knowledge acquired as a result of self-study of the topics being studied. Applied works must be characterized by accuracy and literacy.

9. Course policy

The practice of missed classes is in accordance with the schedule of consultations, with the prior consent of the teacher. Issues related to academic integrity are considered by the teacher or according to the procedure specified in the Regulations on Academic Integrity.
