

Dear Colleagues,

At the beginning of the full-scale invasion in 2022, the oldest aerospace school in Ukraine, the National Aerospace University "Kharkiv Aviation Institute", served as a shield for Ukraine second-largest city, Kharkiv, with a population of 1.5 million. KhAI, located in the northern part of the city, bore the brunt of the enemy attack, enduring over 160 missile and shell strikes. Over the past two years, significant efforts have been made to restore our university. Currently, work is underway to reconstruct and repair bomb shelters at KhAI to ensure the safer work of our staff and the possibility of conducting classes for students. We would be grateful to anyone who can provide any financial assistance for the restoration and repair of the legendary aerospace school – National Aerospace University " Kharkiv Aviation Institute."

Donations can be made using the details provided below.
