“KRYVTSOV READINGS:
Aerospace Science, Technology and Education”

December 11–12, 2026

Kharkiv

DEAR COLLEAGUES!

We invite you to participate in the Scientific and Technical Conference “Kryvtsov Readings: Aerospace Science, Technology and Education”. The conference will be held on December 11–12, 2026, at the National Aerospace University “Kharkiv Aviation Institute”.

CONFERENCE OBJECTIVE

To honor the scientific, educational, and organizational legacy of distinguished teachers and researchers, particularly Professor Volodymyr Stanislavovych Kryvtsov. To bring together higher education researchers and industry representatives to discuss current challenges and prospects for the development of modern aviation and rocket and space technology, to ensure continuity between generations, to pass on scientific traditions, knowledge, and experience, and to foster the further development of scientific schools.

CONFERENCE TOPICS

- the scientific legacy of researchers and educators, their contribution to the development of researchers, the establishment and preservation of scientific traditions, and the transfer of knowledge, experience, and scientific culture to future generations of researchers;
- the scientific, educational, and organizational activities of Professor V. S. Kryvtsov and his contribution to the development of aerospace science and education, as well as to the training of researchers;
- the establishment and development of KhAI scientific schools, their achievements, continuity between generations, current research, and promising areas for further development;
- research into physical processes, design, strength, reliability, and service life of aerospace systems;
- engines and power plants, materials, and manufacturing technologies for aerospace systems;
- operation, diagnostics, maintenance, repair, and safety of transportation systems;
- control, navigation, and avionics systems, radio-electronic, unmanned, and robotic systems;
- information technologies, mathematical modeling, artificial intelligence, and digital technologies;
- economic, managerial, and organizational aspects of aerospace industry development;
- humanitarian, legal, and educational aspects of aerospace industry development and international scientific and educational cooperation.

CONFERENCE SECTIONS

1. Teachers and Mentors: Distinguished Figures, Scientific Ideas, Traditions, and the Development of Generations of Researchers.
2. Professor V. S. Kryvtsov: Scientific Legacy and the Development of KhAI through Continuity of Generations.
3. KhAI Scientific Schools: Distinguished Researchers, Formation, Scientific Contributions, and Current Research.
4. Aerodynamics, Strength, and Design.
5. Engines, Materials, and Technologies.
6. Operation and Safety.
7. Control Systems, Avionics, and Unmanned Systems.
8. Information and Intelligent Technologies.
